APR 25 2006

CONNECTICUT  
SITING COUNCIL

**PETITION NO. 755A** - Iroquois Gas Transmission System, L.P. Application Submitted to the Federal Energy Regulatory Commission to Modify the Existing Interstate Natural Gas Pipeline by the Addition of a Compressor Station off of High Meadow Road in Brookfield, Connecticut

IROQUOIS PRE-HEARING CONFERENCE INFORMATION  
April 25, 2006

---

I. PRE-FILED TESTIMONY

Iroquois does not anticipate submitting any prefiled testimony. However, Iroquois may submit to the Siting Council additional documents filed in the Federal Energy Regulatory Commission ("FERC") Docket No. CP-02-31-0002. If Iroquois does so, it will request that such documents be made exhibits in this proceeding.

II. PRELIMINARY EXHIBIT LIST

Iroquois expects to request that the following documents be made exhibits:

1. Letter from Philip M. Small to Pamela B. Katz dated April 3, 2006 and the enclosed Abbreviated Application of Iroquois Gas Transmission System, L.P. to Amend Certificate of Public Convenience and Necessity and for Expedited Consideration, filed with FERC on March 29, 2006.
2. Letter from Philip M. Small to Pamela B. Katz dated April 21, 2006 and enclosed Response to FERC Data Requests, dated April 18, 2006.
3. Response of Iroquois Gas Transmission System, L.P. to Motions to Intervene, expected to be filed with FERC on or about May 5, 2006.
4. Brookfield Compressor Station, Artist's Rendering
5. Resumes of Iroquois witnesses.

III. PRELIMINARY ADMINISTRATIVE NOTICE REQUESTS

Iroquois requests that the Siting Council take administrative notice of the following items:

1. Records of Siting Council Petition Nos. 540, 555 and 755.
2. Final Environmental Assessment issued on August 8, 2002 by FERC in Docket No. CP02-31.
3. Certificate of Public Convenience and Necessity issued on October 31, 2002 by FERC in Docket No. CP02-31, *Iroquois Gas Transmission System, L.P.*, 101 FERC ¶ 61, 131.
